

Statement

ATLANTA (February 2, 2016) – The Lupus Racing Team announced today that it has suspended the contract of athlete Jure Kocjan (Slovenia). This is a result of a provisional suspension from the Union Cycliste Internationale (UCI) related to a potential anti-doping rule violation of a sample from the 2012 racing season.

The UCI confirms that the rider cannot participate in any competitions until a completed ruling has been made. Kocjan, who signed a contract in November 2015 with Lupus Racing Team, has not participated in any races for the team. Team management places an emphasis on a zero-tolerance policy of doping and unethical behavior.
